XI Memory Test.

After each one of the following 16 sentences you will find the words "false" and "true." If you think what a sentence says is true, draw a line under "true"; if it is false, draw a line under "false."

Example:

I read you a list of words early in the test. true false

This is a true statement, and the word "true" is underlined.

If you are absolutely sure that you are right, draw two lines under "true" or "false."

Take all the time you need to mark the sentences. When you have marked *every one*, hold your pencil up to show that you have finished.

Don't skip any.

1	I read you a list of 10 words.	true	false
2	Two words *rimed*—that is, ended in the same sound.	true	false
3	The *first* word in the list was *book*.	true	false
4	The *last* word in the list was *rose*.	true	false
5	The word *collar* occurred *twice* in the list.	true	false
6	The *longest* word in the list was *mountain*.	true	false
7	The *shortest* word in the list was *ice*.	true	false
8	Three words began with *b*.	true	false
9	When I read the list of words, I was standing up.	true	false
10	The card from which I read the words was oblong.	true	false
11	The card was white.	true	false
12	I held the card in my left hand while reading.	true	false
13	In my right hand I held a pencil.	true	false
14	I tapped with the pencil at every word I read.	true	false
15	After reading the list I put the card into an envelope.	true	false
16	Then I sat down.	true	false
